## III. GENERAL PROVISIONS

### Article 2 — General

1. Rallye Škoda is held in accordance with the international Sporting Code (including all Appendices) of International Automobile Federation (FIA), the provisions of F.I.S.A., the national sporting codes and these regulations.
2. The competition is included in European championship of drivers (coefficient 2), and Mitropa Rally Cup 1983.
3. The propositions were certify by: F.I.S.A. and ÚAMK, ČSSR.

### Article 3 — Route

The route of the competition is approximately 1050 km long and divided into three stages. It is specified in the description of the route, which contains the sequence of localities, the location of time checks (ČK), passage checks (PK) and speed tests (RZ), the number of kilometres of the individual stages and the number of kilometres of the whole competition. At the beginning of the competition special classification test on circuit (ZKZO) is inserted. The route is laid mostly over roads with a dustless surface and is not signposted. Along the route there are 26 time checks and 48 speed tests of a total length of approximately 370 km and ZKZO. The average speeds are uniform for all classes and groups admitted and will not exceed limit of 45 km per hour. The drivers will receive a description of the route and of the sections of speed tests from the Competition Secretariat after confirmation of their entries. The Organizer reserves themselves right to alter individual sections of the route and running times should it appeal essential to do so (conditions of roadway, diversions etc.).

### Article 4 — Cars

1. For the competition will be accepted homologated cars satisfying the International Sporting Code Appendix J 1982 and 1981 concerning cars:

**Group N: Touring cars turn out in grand series** (5.000 cars in 12 following months)

**Group A: Touring cars turn out in series**  
(5.000 cars in 12 following months)

**Group B: GT cars** (200 cars in 12 following months)

**Group 2: Touring cars** (1.000 cars in 12 following months)

**Group 4: GT cars** (400 cars in 24 following months)

2. The cars of Group N are divided to 4 cylinder-displacement classes:
  1. class — till 1300 ccm
  2. class — above 1300 and below or equal to 1600 ccm
  3. class — above 1600 and below or equal to 2000 ccm
  4. class — above 2000 ccm
3. The cars of Group A are divided to 4 cylinder-displacement classes:
  5. class — till 1300 ccm
  6. class — above 1300 and below or equal to 1600 ccm
  7. class — above 1600 and below or equal to 2000 ccm
  8. class — above 2000 cm
4. The cars of Group B are divided to 3 cylinder-displacement classes:
  9. class — till 1300 ccm
  10. class — above 1300 and below or equal to 2000 ccm
  11. class — above 2000 ccm
5. The cars of Group 2 are divided to 3 cylinder-displacement classes:
  12. class — till 1300 ccm
  13. class — above 1300 and below or equal to 1600 ccm
  14. class — above 1600 ccm
6. The cars of Group 4 are divided to 2 cylinder-displacement classes:
  15. class — till 2000 ccm
  16. class — above 2000 ccm
7. If less than five cars will be taken on into any one cylinder-displacement class, this incomplete number will be combined with the nearest higher class (or classes); cars taken on to class including less than 10 cars will be classified only in absolute classification.
8. Protective covers of car underside are permitted for all groups. The Organizers recommend to use protective roll bars even in Group N.

#### **Article 5 — Eligible competitors**

1. The competition is open for any person or entity holding an international competitor's licence valid for a year 1983.
2. Where the competitor is an artificial person, or in any case is not in the car, the first driver named on the entry form will be held

entirely responsible for all the responsibilities and obligations of the competitor.

#### **Article 6 — Entries**

1. Anybody wishing to take a part in the Rallye Škoda must send the attached entry form duly completed before 17th June 1983 at 12.00 to the rallye secretariat on the following address:

**address of the competition secretariat:**

**RALLYE ŠKODA**

třída Rudé armády 839

**293 05 Mladá Boleslav 5 — Czechoslovakia**

**phone:** Mladá Boleslav 6155, 121

**telegraph:** Rallye Škoda

Mladá Boleslav

Czechoslovakia

**cables:** 136 301, 136 311, 136 313

Details concerning the co-driver can be completed up to 14th July 1983. However, the changing of a team member or the entry of a new member must be approved by the Organizing Committee.

2. For foreign competitors the entry form must be stamped by Competitor's National Sporting Authority.
3. No amendments may be to the entry form, except in the cases provided for in the present regulations.  
However, the competitor may freely replace the car declared on the entry form another from the same Group and the same class up to the moment of scrutineering.
4. The Organizing Committee reserves itself the right to refuse the entry of a competitor or a driver without having to give the reasons (Art. 74 of the International Sporting Code). The maximum number of entries will be 150.
5. By the very fact, of signing the entry, the competitor as well as all the team-members submit themselves to the sporting jurisdictions specified in the International Sporting Code, as well as the provisions of the present regulations.
6. **Each crew member must enclose his photograph of format 4X4 cm with his name written on the reverse side of it to completed entry form.**

#### **Article 7 — Entry fees**

1. The entry fees are as follows:  
**The entry fee for foreign crews (driver and co-driver) is:**  
— 80 DM for individuals

- 50 DM for club teams
- 50 DM for manufacturers' teams  
(national teams — free)

**The entry fee for crews from socialist countries is:**

- 500 Kčs for individuals
- 300 Kčs for club teams
- 300 Kčs for manufacturers' teams  
(national teams — free)

**The entry fees for crews of Mitropa Rally Cup reimburse the organizer.**

**The fees are to be remitted to the following address:**

**AUTOTURIST PRAHA —**  
**Živnostenská banka n. p.**  
 Na Příkopě 30  
**Praha 1**  
 Kto 193 0904, akce č. 773/83

The sums in DM quoted above provide a basis for the exchange of the currencies used by the participant. The Organizers confirmation of acceptance to the competition serves foreign participants as a supporting document for the exemption from the exchange of foreign currencies, compulsory for tourists, when a visa for entry to Czechoslovakia is being issued (for sports).

2. The entry application will only be accepted if accompanied by the total entry fees or by a receipt issued by the competitors' National Sporting Authority.  
No car will be allowed to start unless the entry fees have been paid.
3. The entry fees include the insurance premium, which guarantees the competitor unlimited cover for civil responsibility towards third parties. The insurance cover will come into effect from the start and will cease at the end of the event or at the moment of retirement or exclusion.  
The Insurance Office at which the appropriate personal accident policy has been taken will be requested to cover costs of treating foreign competitors in Czechoslovak medical institutions as well as expenses connected with transport of the competitors to domicile by means of transport agreed upon. The Organizers will be held responsible only for the cars located in the Parc Fermé before the start and after termination of the competition, if it doesn't come to the damage by force majeure.
4. Entry fees will be completely refunded:
  - a) to crews who are not accepted
  - b) in the case the rallye is not taking place.  
The organizers may reimburse those competitors who, for reasons of force majeure (duly certified by their A.S.N.)

were unable to start in the rally, 50 % of their entry fees.

**Article 8 — Entries of teams**

1. In addition to individual also teams may enter the competition:
  - a) **national teams:** each will be made up of maximum 5 cars and of minimum 3 cars, when for team classification are the results of only the best three crews considered on the ground of the absolute classification;
  - b) **club teams:** the same as above under a);
  - c) **manufacturers' teams:** the same as above under a).

Team entries may be updated until 14th July 1983 8:00 p.m.

2. The national team can be only one. To the competition can enter them the national federation.
3. The cars in the team entered for Manufacturers' teams must be of the same make, but not necessarily of the same type.
4. Each participant to the competition may enter only two (2) different teams.
5. The winning team will be the one which has the smallest number of penalties of its best cars. In case ex-aequo, the winning team will be the one which has the highest placed car in the absolute classification. The exclusion of one car of the team will result in the exclusion of the entire team.

**Article 9 — Amendments - Interpretation**

1. In accordance with Art. 66 of the F.I.S.A. (Sporting Code) the Organizers reserve themselves the right to amend the provisions of the present regulations according to the various circumstances and cases which may arise.

This being case, those competing will be immediately informed of the changes which have taken place.

2. Any amendments or any additional provisions will be announced by dated and numbered information bulletins which will be an integral part of the present regulations. These bulletins will be posted at the official wall-poster table.
3. Stewards of the Meeting are empowered to take a decision on any case not covered by present regulations.
4. In case contestation concerning the interpretation of the present regulation only the English text will be considered as authentic. These regulations are to be published in French, English, German and Czech language.

## IV. COMPETITORS' OBLIGATIONS

### Article 10 — Teams

1. Each car's team will be made up of 2 people. If this not the case then the car in question will not be allowed to start. The two members of the team will be nominated as first driver and co-driver. All members of the team may drive during the event, and each one must possess a valid licence for the year 1983.
2. Apart from cases provided for in these regulations, the complete team must be in the car for the total duration of the event. The change of one team member or the admission of a third person on board (except for transport of injured persons) during the event, will result in exclusion from event.

### Article 11 — Plates Rallye-Numbers

1. The Organizing Committee will supply each competitor with specified rally plates bearing his Competition number. These plates must be fixed to the front and rear of the car in a visible position for the duration of the rally.
2. In no case should the rallye plates cover the car's licence plates. The infringement of provision in previous sentence will result in a penalty 1000 Kčs for each plate covered. The absence of one or both plates established at any time during the event will result in a penalty of 1000 Kčs per plate.
3. The competition numbers supplied by the organizers must appear on both sides of the car during the whole rally. The absence of competition number will result in exclusion of a team from the event.
4. The names of the first driver, his co-driver, their blood groups plus their national flags, must appear on each of the doors or on front wings. Any car not complying with these rules may not be allowed to start.
5. Identification marks may be affixed to the vehicle body or engine block anytime during the rally. Stewards may, at any moment and at any control check these marks. A missing identification mark will result in exclusion from the event.
6. Any fraud discovered and in particular the fact of presenting as intact, identification marks which have been retouched, will result in the exclusion of the competitor from the event, as well as that of any other competitor or team member who has helped or been involved in the carrying out of the infringement. This will not prejudice the fact that National Sporting Authority, to

which the competitor or accomplice belongs, may be asked to inflict heavier sanctions.

7. Therefore, it is up to the competitor alone, in the case of identification marks being affixed, to see that they are protected until the end of the event.

### Article 12 — Awarding of numbers and starting order

The awarding of competition numbers will be done in the following way. The drivers will be divided into groups as follows:

Group A: F.I.A. seeded drivers (list A)

Group B: F.I.A. seeded drivers (list B)

Group C: all other drivers

About the position in each group of drivers will be decided by ballot.

### Article 13 — Time card

1. At the start of the rally, each team will receive a time card on which the times allowed to cover the distance between 2 time controls will appear. Each team is solely responsible for its time card.
2. The time card must remain on board of the vehicle for the duration of the rally and must be presented personally by a member of the team at all the control posts.
3. Any corrections or amendments made to the time card will result in exclusion from the event, unless it has been signed by the official in question.
4. The absence of a registration from any control or the failure to hand in the time card at specified controls and/or at the finish will result in exclusion from the event.
5. The times from individual speed tests (RZ) are to be written down to time card and they are subjected to all penalties laid out above.
6. The team alone is responsible for the presentation of the time card at the individual control and the accuracy of the entries.
7. Therefore, it is up to the team present its time card to the officials at the correct time, and to check that the time is correctly entered. The post official is the only person allowed to enter the time on the time card.
8. The people making up the team of a car must be entered on identification sheet of the time card on which their recent identity photos (4×4 cm), their signatures as well as the details concerning the car, will appear. This identification sheet which is considered as an „identity card“ for the car must be kept on board for the duration of the event, be shown when asked for

officially and be handed in to the control post at the end of each section.

#### Article 14 — Repairs - Traffic - Advertising

1. Repairs and refuelling are freely permitted throughout the whole event, except in those cases expressly forbidden by a provision in the present regulations.
2. It is expressly forbidden, under penalty of exclusion, to tow, transport or have the cars pushed (somebody else's help), except to bring them back onto the road, or to free them.
3. In the same way teams are forbidden, under penalty of exclusion:
  - a) to block the passage of competing cars or to prevent them from overtaking;
  - b) to behave in an unsporting manner;
  - c) to affix advertising to the front doors in the place reserved for competition numbers.
4. On the other hand, competitors are allowed to affix any kind of advertising to their cars, provided that:
  - a) it is authorized by the national laws and the F.I.A. regulations and common organizing conditions for World and for European Championship events;
  - b) it is not likely to give offence;
  - c) it does not interfere with the team's vision through the windows.
5. The following drawing indicates the area which is reserved for organizers, and also for advertising of SPONSOR.

Competition number — bilateral

6. For the whole time of duration of the event teams must conform exactly to the prescriptions governing traffic in Czechoslovakia. Any team which does not conform to these prescriptions will have the penalties laid

out by policemen on the spot of an infringement.

#### V. RUNNING OF THE EVENT

##### Article 15 — Start

1. a) The special classification test on circuit (ZKZO) on the motorway crossroads near of Mladá Boleslav.

The start for special classification test on circuit (ZKZO) will be at closed circuit 15th July 1983 at 15.30 h. All teams will enter altogether Parc Fermé at the Stadium at 14.30 and will be lead with their cars to ZKZO. After coming to ZKZO the drivers under leadership of the Organizers will go through one acquainted round. After going through that round the drivers will hand over their cars into Parc Fermé UP - ZKZO. Entry and exit time into and out of Parc Fermé is not stamped in route card. Cars will be started off individually in 5 seconds intervals according to competing numbers and instructions of organizers. Maximum 15 cars will be started off at once. Start is carried out with small flag. Car with engines running.

Test is run for four laps, each laps has a length 2,15 km, the test (ZKZO) altogether 8,6 km. Time for four laps is measured at the nearest second. That isn't written down to the route card. After running three laps team must leave circuit independently, finish is passing. Within 20 minutes since the last pass across finish line team must hand over their car independently into Parc Fermé UP-Stadium — the time is stamped on. Each minute of delay with handing over a car after specified limit will be penalized 10 seconds. Team not completing special test (ZKZO) will be penalized 1000 points. In the time of transfer to and from the test (ZKZO) stipulations on Parc Fermé do not apply to the cars. In the case of failure during the test (ZKZO) it is necessary to remove a car to the outer limit of the road. The violating of this stipulation will result exclusion from the event. The delay due to failure during test (ZKZO) is not included into total delay limit.

- b) The cars will be started on Friday 15th July 1983 at 18.30 h at ČK 1 in Mladá Boleslav. Start to the event will be done with flag. The cars with engines running. Above the all three Czechoslovak crews will start at one minute intervals, after five minutes interval the other crews in accordance with fixed start sequence will start at one minute

intervals. 10 minutes before their specified starting time to the I. stage the teams entry UP-Stadium, stamp their entry, collect the car, stamp their departure and drive off to the area of ČK 1 over the route marked out by organizers. They will be started at their specified time with white flag. The start for the II. and III. stage will carried out in the same way from ČK 8 and 16.

The exact starting time will be entered in route card. A team may arrive at the start up to 10 minutes late, but will not be penalized for this delay. Any car which exceeds this period will not be allowed to start. Rised delay doesn't include in starting time.

2. Teams are obliged to have their passage checked at all the points mentioned on their time card in the correct order under penalty of exclusion. The target times for covering the distance between 2 time controls will appear on the time card.
3. Hours and minutes will always be shown thus, 00.01—24.00, only minutes which have elapsed will be counted.  
Throughout the event, the official time will be the time of Czechoslovak broadcasting station „Hvězda“, no contestation will be allowed on this point.
4. All the competitors will receive a road-book which must describe in details the itinerary which has to be followed. The road-book will be available in the Secretariat of Rallye Škoda since 15th June 1983.

#### **Article 16 — Controls — General provisions**

1. All controls, i.e. passage and time controls, start and finish of special stages, regrouping and neutralisation zone controls, will be indicated by means of F.I.S.A. approved standardized signals (see enclosure).
2. The beginning of the control area is marked by a warning on a yellow background. At a distance of about 25 m, the position of the control post is indicated by an identical sign on a red background. The end of the control area, approximately 50 m further on, is shown by a final signal on an orange background with three black transversal stripes.
3. All control areas (i.e. all the areas between the first yellow warning signal and the final orange one with three black transversal stripes) are considered as *parcs fermés*. For this reason, and under penalty of exclusion from the event, teams are expressly forbidden to carry out any refuelling or repairs or to receive any help whatsoever in the area between these two signs.  
{See art. 20}
4. The stopping time within the area so defined

should not exceed the time necessary for carrying out control operations.

5. It is strictly forbidden under penalty of exclusion from the event:
  - a) to enter a control area in any other direction than that of the rally;
  - b) to recross or to re-enter a control area once checking it has taken place at this control.
6. Teams may consult the official watch on the control table. On the other hand, the post officials cannot give them any information on their target time for checking in, this being the team's responsibility.
7. Control posts will be ready function 30 minutes before the target time for the passage of the first car. They will cease to operate 60 minutes after the target time for the last car.
8. Teams are obliged to follow the instructions of the officials in charge of any control post. Failure to observe this may lead to exclusion from the event and is up to the Stewards of the Meeting. The post chiefs will be distinguished by red organizers' bands Rallye Škoda '83 and with denomination with his name and function at his collar. The organizers at the route will be distinguished by white bands Rallye Škoda '83.

#### **Article 17 — Time controls**

1. At time controls, the cars are allowed to enter the control area 1 minute before their target check-in time. When the car and all the crew is in the control area, the check-in time is taken at the moment the team gives its time card to the post official who clocks it immediately.  
The team must drive its car to within the immediate vicinity of the control table.
2. The control officials must stamp on the time card the exact time at which this document was handed in by the team.
3. The check-in time appearing on the time card represents the arrival time at the end of the stage and the starting time for the following one.
4. At each time control teams are not subjected to any penalties, if they check in during the minute following their target time.

#### **Example:**

A competitor who is supposed to check-in at a control at 18 h 58' will be considered on time, if the check-in takes place between 18 h 58' 00" and 18 h 58' 59".

5. a) The penalty for late arrival at a time control will be 10 seconds per minute or per fraction of a minute;
- b) the penalty for early arrival at a time control will be 20 seconds per minute or per fraction of a minute;

c) the early arrival is permitted only to the finish of the event at time control 26 in Mladá Boleslav.

6. Any lateness exceeding 60 minutes on the time set between two time controls, or a total lateness of 60 minutes at the end of the rally, will result in the exclusion of the team.

In the case of thick fog the above mentioned provision concerning maximum allowed lateness will be changed. Should be this case, the sign with crossed 60 will hanged out in a concerned time control. Resulting delay in this section (specified) will not be included to the total lateness.

7. In no case early arrival can be used as means of reducing the lateness resulting in exclusion.

Penalties for early arrival will in no case be taken into consideration when calculating the maximum lateness resulting in exclusion.

#### Examples:

Control A:  
 start 12 h 00'  
 ideal target time 1 h 00'  
 check-in time 13 h 10'  
 lateness counting towards exclusion 10 minutes  
 penalization for lateness 100 s

Control B:  
 ideal target time 1 h 30'  
 check-in time 14 h 20'  
 counting early arrival 20 minutes  
 penalization for early arrival 400 s

Control C:  
 ideal target time 2 h 00'  
 check-in time 16 h 30'  
 lateness counting towards exclusion 10 minutes  
 penalization for lateness 100 s  
 Total penalties (for late and early arrivals)  
 $100 + 400 + 100 = 600$   
 Total lateness counting towards exclusion:  
 $10' + 0' + 10' = 20'$

8. Official looking after passage controls should simply stamp the time card when it is handed to them, without indicating the passage time.

#### Article 18 — Controls of regrouping

1. Controls of regrouping will be set up along the route. These controls will be subjected to the rules governing the control posts (Arts. 16 and 20).
2. The purpose of these regroupings will be to reduce the intervals which may occur between teams as a result of late arrivals or retirements. Thus, the starting time from the

regrouping control and not its duration must be taken into account.

#### Examples:

at start of the event there are 120 cars:

- first regrouping takes for 4 hours
  - the time of start after regrouping 12 h 01'
- a) an ideal time of arrival for car No. 1 at the regrouping 8 h 01'  
 an ideal time of arrival for car No. 120 at the regrouping 10 h 01'
  - b) actual time of arrival for car No. 1 at the regrouping 8 h 45'  
 actual time of arrival for car No. 120 at the regrouping 11 h 50' (60 cars was dropped out in that section)
  - c) starting time of car No. 1 after the regrouping 12 h 01'  
 starting time of car No. 120 after the regrouping 13 h 00'

Car No. 1 had the pause 3 h 16' and car No. 120 only 1 h 10'.

After passing ČK 7, i.e. finish of the 1st stage, cars must be driven into an area reserved by organizers and teams will have 60 minutes to carry out repairs on cars. At the latest until expiry of this time car must be handed over into the Parc Fermé at the UP-Stadium. The area reserved is near of the hotel ŠKODA by control post ČK 7. For every minute of delay in handing over car to Parc Fermé at the UP-Stadium team will be penalized 10 seconds. For the start for 2nd stage at ČK 8 teams will receive new starting time at ČK 7.

Start to the 2nd and 3rd stage will be carried out according to the sequence of arrival to the end of 1st and 2nd stage.

#### Article 19 — Special stages (RZ)

1. Special stages are speed events against the clock.
2. During these events, all those in the car must wear crash helmets, under penalty of exclusion from the event.
3. Teams are forbidden to circulate in the opposite direction to that of the rally, under penalty of exclusion from event.
4. Starts of special stages will be given as follows: When the car with its team on board has stopped in front of the starting control, an official will enter the time scheduled for

the start of the car in question on the stage sheet (hour, minute, second). He will hand this document back to the team which may leave the post only when the starting signal has been given.

He will count down in aloud voice 30" — 15" — 10" and the last 5 seconds one by one. The official will give white flag 5 seconds before start to horizontal position in front of the car and at the moment of start he will wave it up. When the last 5 seconds have elapsed, the starting signal will be given, upon which the team must start immediately. A 120 seconds penalty will be imposed on any team which remains stationary for more than 20" after starting signal.

5. A false start, above all one made before the official has given the signal, will be penalized 60 secs. This does not exclude heavier penalties being inflicted by the Stewards of the Meeting, especially in the case of it being repeated.

6. Special stages will end in a flying finish, stopping being forbidden under penalty of exclusion from the event.

Timing will be done with registering equipment, backed up by hand timing.

At a distance of 200 to 300 m from the finish, the team must stop at a control marked by a red „STOP“ sign, to have his finishing time entered on the time card.

If the timekeepers cannot give the exact, finishing time to the officials immediately, the latter will only initial the time card, and the time will be notify additional at the official wall-poster table.

7. If, through a fault of the team, the entry is not made:

a) at the start: he will be excluded;

b) at the „STOP“: he will be penalized 5 minutes.

8. The time recorded by the teams in each special stage expressed in hours, minutes and seconds, will be added to their penalties.

9. Different is starting to the round special stage (Sosnová). After ČK 3 and 6 the driver must stop at the road marshal, who will let him in special stage 5 and 12.

After the passing in a flying start the crew will overcome prescribed number of circles (3 circles) according to the itinerary.

After the passing in a flying end the crew must enable secure ride to the other drivers, who are still there in the route of special stage. After going out from special stage the crew must stop at the check post „STOP“. They will receive the confirmation of having a ride. For each not going through circle the crew will receive the penalization of 1000 seconds.

cial stage 5 and 12 will be posted at the official wall-poster table during the event.

## Article 20 — Parc Fermé

1. The cars in the Parc Fermé:

a) before the start of the event (immediately after scrutineering);

b) from the moment they enter until the moment they leave a control post area (art. 16, § 3);

c) from the moment they enter until the moment they leave a regrouping zone (art. 18, § 2);

d) as soon as they reach the end of the event until the time limit for lodging protests has expired (art. 25).

2. During the period spent in the Parc Fermé, any repairs or refuelling is strictly forbidden, under penalty of exclusion. If organizers consider that a car is so defective that other road users risk being endangered by it, then the car has to be repaired in the presence of an official.

The minutes used for repairs should be considered as the same number of minutes lateness on a road stage, this being done to prevent a team trying to shorten lost time. The team will receive a new starting time after repairs, which involves a penalty.

Exceptionally by authorization and under surveillance of the competent official, a team member is allowed to change without penalization a puncture or to have a new windscreen fitted in place of a damaged one (only with the use of the tools from the car tool equipment being on the board).

3. As soon as they have parked the car, the drivers will leave the Parc Fermé and no member of the team will be allowed to re-enter it.

4. Team has not right to enter Parc Fermé earlier than 10 minutes before its starting time. A maximum of 5 minutes is permitted for every parking of a car and a maximum of 10 minutes for every collection of a car. For every one minute of delay on departure and earlier arrival to and from Parc Fermé the team will penalized 10 seconds. A car need not leave Parc Fermé with the use of own power.

5. At the start of the event and from controls of regrouping, any team who does not turn up at the start with his engine running, will receive a 30 seconds penalty, which will not count towards exclusion.

6. To the start of a special stage and ZKZO the team is obligatory to appear with engine running. Otherwise they will be disqualifying from the competition.
